PEGASUS BRIDGE

“WHAT IS MUSIC FOR?

IT'S NOT ABOUT SELLING FUCKING RECORDS, OR PROMOTING YOUR IMAGE, OR GETTING INTO MAGAZINES, OR GETTING FAMOUS, OR BEING COOL, OR HARD, OR GETTING GIRLS, OR GETTING FUCKED IN SOME BOG WITH SOME CUNT...

IT'S FOR MAKING A STATEMENT, AND CONFRONTING CORE BELIEFS AND STANDARDS, AND CREATING AN EMOTION, A FEELING, WITHOUT EXCLUSION, AND FUCKING OFF CORPORATE WANK. IT NEEDS TO BE DIFFICULT OR IT STOPS MOVING FORWARD, AND GETS FUCKING BORING.

YOU SHARE THIS IDEA, AND YOU ARE WITH US.

MUSIC NEVER CHANGED ANYTHING, BUT THE PEOPLE WHO LISTEN TO IT DID.”

- 3HOSTWOMEXICANSANDATINOFSPANNERS, 2006

Bristol 4 piece bang bang bang wollop rock with songs about your boyfriends cock, bastards stealing your pint and satan worshipping hippys! Fucking brilliant... Brash, searing guitar lines, mashing together so sweetly beneath the truly lyrically inspired, spitting, raving vocals of singer Simon. All this plus the crashing drum parts of Simon Smart, which both drive and hold together the band, an astonishing musician and future drumming legend.

3hos shout a big fuck you to corporate slags and media whores. Their brilliant debut album 'Pegasus Bridge' is released on Feb 27th 2006 through noisestar_music (limited first press of 1000 units) and have a few one off shows before embarking on a national tour in the spring. Already with international press backing through Stool Pigeons (40,000 copies) feature in their new year edition (Jan 24th 2006). No matter where you are in 2006, it will be difficult to ignore the monster sound of 3hos...

Pegasus Bridge is pure rock'n'roll dynamite from the outset, constantly kicking you in the head track by track. It's riff-led punk rock to skin you alive - as ferocious as it is challenging and yet never losing its humour or integrity. Loud, abrasive and tight as hell, this is a record which demands attention...
